An interview with Professor LO Tit Wing, Vice-President (Research and Technology)

盧教授於今年加入明專擔任副校長(研究及科技)崗位。

Prof LO Tit Wing joined the institute as Vice President (Resource and Technology) this year.

再有一名知名學者加盟明愛專上學院。知名犯罪學及社會及行為科學學者盧鐵榮教授自本學年一月起擔任明專的副校長(研究及科技)一職。盧教授在專上教育界富有經驗，加入明專前，為香港城市大學協理副校長(學生事務)及社會及行為科學系教授。盧教授是世界著名的犯罪學家，經常被邀請到各地演說，分享其研究所得及經驗。加入明專之後，期望可以善用在資助大學的經驗，強化明專的研究工作。

年青時期受社工影響 一直與明愛密不可分

盧教授與明愛淵源甚深，他早在中學時期已是明愛社區中心的會員，中心讓他「帶組、搞活動」，逐漸建立及發揮及學習組織、溝通能力及領導才能。當時他認識了不少社工及相關工作，亦看到社工對青少年關顧有加，他認為「社工(可以)是role model(榜樣)，青少年有煩惱會和他們傾訴，幫助他們解決問題。」

在耳濡目染之下，盧教授立志成為一名社工。他在1972年加入香港明愛，成為小組工作員，在明愛保送下進修社會工作證書課程。盧教授於明愛任職約17年，曾在堅

Another well-known scholar has joined the Caritas Institute of Higher Education (CIHE). Professor LO Tit Wing, a renowned criminologist and social and behavioural science expert, has been appointed as the Vice-President (Research and Technology) of CIHE since January of this academic year. Prior to joining CIHE, Prof LO served as Associate Vice-President (Student Affairs) and professor at the Department of Social and Behavioural Sciences of the City University of Hong Kong (CityU). A world-famous criminologist, Prof LO is often invited to speak at various events and share his research findings and experiences. With the arrival of Prof LO, the Institute may expect to see a significant advancement in research.

Inspired by social workers, always inseparable from Caritas

Prof LO has a deep-rooted connection with Caritas, dating back to his early years. As a high school student, he was already a member of a Caritas Community Centre, where he was given the opportunity to lead and organise activities. This experience helped him to develop and showcase his organisational, communication, and leadership skills. He also had the chance to meet many social workers and learn about their work. Witnessing how social workers cared for and supported young people inspired Prof LO, "Social workers could (often) become the role models for teenagers, as youngsters, when in difficulties, would share

道、梨木樹、東頭邨及香港仔等多個單位服務，期間不斷進修，分別完成社會行政深造文憑、社會工作哲學碩士學位及劍橋大學犯罪學博士學位。

在1990年，他加入了當時仍為城市理工學院的香港城市大學，從事社會工作教育，2005年成為教授以及在2013年出任社會及行為科學系系主任一職。即使任職城大，盧教授仍與明愛一直保持密切關係，自1990年代起，他一直擔任明愛部分服務單位的諮詢委員會成員或擔任顧問。於2001年，盧教授加入了明愛社會工作委員會，至今逾21年；過去六年他亦是香港明愛管理局及理事會的成員。

專注從事青少年犯罪研究

加入教育界後，盧教授從事年青人的工作從一而終，專注青少年犯罪的工作及相關研究。他在香港城市大學參與大學教育資助委員會「研究評審工作2020」(RAE)，以「Better responses to Youth-at-Risk」為研究影響案例 (Impact Case)，被評為「100% 4 Stars」，其影響力及廣泛性獲得肯定，其案例被教資會選為代表社會科學範疇的示範案例 (illustrative case study in social science)。盧教授與青少年相關的研究工作從來未停過，經常被邀請到世界各地演說，分享如何處理青少年犯罪及其研究工作。

他加入了城大約33年，當時城大仍是理工學院，仍未「正名」為大學時，情況與明專近似，「直至我離開城大前，(其實)大學仍是不停在轉型，而當時我在應用社會科學系工作，該部門的教職員人數與現時明專不相伯仲，明專擁有博士學位的人數甚至可超越當年我工作的學系。」他指，他只是將在城大走過的舊路，「在明專再走一次」，因此在兼顧副校長工作、研究等等的工作上沒有太大的困難。

their thoughts or even rely on their (social workers') assistance.”

Having been enlightened by this experience, Prof LO aspired to become a social worker. He joined Caritas - Hong Kong in 1972, starting as a Group Worker. With Caritas' support, he pursued the Certificate in Social Work, and during his 17-year tenure with the organisation, he served in several locations, including Kennedy Town, Lei Muk Shue, Tung Tau Estate, and Aberdeen. Prof LO continued to pursue education and completed a Graduate Diploma in Social Administration, a Master of Philosophy in Social Work, and a Doctorate in Criminology from Cambridge University.

In 1990, Prof LO joined what was then the City Polytechnic of Hong Kong, which is now known as City University of Hong Kong (CityU), to teach social work. He became a professor in 2005 and was appointed as the Head of the Department of Social and Behavioural Sciences in 2013. While working at CityU, Prof LO maintained a close relationship with Caritas. Since the 1990s, he has served as a member of the Consultative Committee or advisor to some of Caritas' service units. In 2001, he joined the Caritas Social Work Committee and has been a member for over 21 years. In the past six years, he was also a member of the Caritas - Hong Kong Management Board and Council.

Mastering in Youth-related crimes

Since joining the education sector, Prof LO has consistently dedicated his youth services and research to the topics of Juvenile delinquency. While at CityU, Prof LO submitted an impact case study, named “Better Response to Youth-at-Risk” to the Research Assessment Exercise 2020 of the University Grants Committee (UGC). This case study was exceptionally well recognised, being elected as an illustrative case in social sciences and rated as 100% 4 Stars. Prof LO's passion for studying youth-related topics is never ending; he always keeps his schedules full of invitations for sharing his views and experiences and research in handling youth-related crimes.

盧教授的研究多與犯罪學有關。

上任後目標 強化現有研究工作機制

盧教授提及上任後的其中一項首要工作，就是在研究方面可更上一層樓，他期望可以善用在資助大學的經驗，進一步強化現有機制及研究工作，例如指導經驗較淺的教職員撰寫申請研究經費的計劃書及發表論文，亦會撰寫論文方面提供協助，同時強化現有的資助刊登於學術期刊的費用；及進行研究的教職員提供更大的彈性，方便他們申請內部的研究經費。

另一方面，為鼓勵教職員參與學術交流與研究，學院亦會增加現有的「會議假期」，方便從事研究的教職員參與國際學術會議，與世界各地的學者作交流。

盧教授期望有更多教職員可以投入知識轉移，為社會發展及政策帶來影響有影響力的研究。

When Prof LO first joined it 33 years ago, he witnessed the City U when it was still named the City Polytechnic. "That institute kept transforming even when I left. The establishment of their Department of Applied Social Sciences when I was working there, is almost identical to that of the counterpart of CIHE; however, the number of Doctoral Degree holders in CIHE is more than that in the City Polytechnic." Prof LO recalled.

He said CIHE had been developing along a pathway similar to what the CityU had gone through; so it would not be difficult for him in this familiar pathway to combine his work as Vice President and research.

Goal - strengthening existing research mechanisms

Prof LO told the editorial team that one of his most important roles was to build on the research capacity of CIHE. With programmes and campus facilities already well established by its earlier efforts, CIHE has the opportunity to elevate its research capacity, Prof LO believes. Hoping to leverage his abundant experiences from the UGC-granted institutes, LO aims to enrich the research and continuously strengthen the research infrastructure of the Institute, for example, providing guidance and support to staff with less experience in drafting funding proposals and publishing theses, and facilitating the conduct of research and thesis writing. Other measures include funding support in publishing in academic journals and facilitating staff in applying for institutional research funding.

In addition, LO aims to encourage the research staff to join international academic exchanges by improving the "conference leave" provision.

He hopes the enhanced research support will become a pull factor to attract more staff to dedicate themselves to knowledge transfer, whereby knowledge as the fruits from the research can be shared to bring positive impact to society.
